Main Concert

This is to enable folk to show off a party piece. See Dave to volunteer or accept the press-gang approach

Programme Spaces

The spaces you see on the programme are there to encourage your initiative and creativity.

- Ask another player for an opinion of a concertina you play or are interested in buying.
- Show off a tune you have written or learnt
- Play and record a video for the ConcertinaAustralia YouTube channel

The Gallery		Stewart Room

1200 - 1300		Bb/F Concertina Session
1300 -1400	Lunch	
1400 - 1500	Ron McLaughlin: Regular Sunday Session	

and there's more....

Richard Evans Tribute

Many concertina players in Australia have good reasons to be grateful for the skills and energy of Richard. There is a display to celebrate his achievements and a book for you to add your tributes. The book will be passed on to his partner, Eva.

Concertinas For Sale (in the Board Room)

Buy, Swap, Sell – Bring any concertinas you are wanting to sell or swap and label them with your name and the price and put them on the table in the Board Room (Instrument Lockup). These can be accessed the times shown on the door or by seeking the keeper of the keys.

The Concertina Shop – PJ Cullen will have a display of concertinas for sale **on Saturday only** in the Board Room. You are invited to try them out.

Concertinabilia

Bring your concertina knick-knacks to add to the locked cabinet display for the amusement and diversion of your fellows.

Picture Display

Check out the many concertina related pictures on the walls around the Club. And add a caption to the cards on the table in the Gallery.

Concertina Caterpillar

At some point on the weekend anglo players will be called together to see if we can establish a new record for an Australian Concertina Caterpillar. To achieve something better than cacophony it would be best if we played the same tune –*Springtime Brings on the Shearing* (in G) is usually used.

Garden Courtyard

There is a pleasant garden courtyard downstairs that you are welcome to use for informal, sessions, small group tutorials, practice for a concert, etc.

Tutorials

If you'd like a one-to-one or small group tutorial with one of the other players on the weekend, just ask. You can use the whiteboard and write it up if others are invited too.

Concertinas on Show

An early bird excursion on Friday into the Goulburn CBD to promote World Concertina Day with individual and group performance.

Take Home Tunes

There is a modest booklet of various tunes to help you remember the weekend. You might like to use it as a common repertoire over the weekend.

Instrument Security

Neither the Club nor Concertina Convergence accepts any responsibility for your instruments. A lock up room is provided and it will be locked overnight and at meal times.
